

**WINEGARD®**  
**MODEL DS-1000**  
**Universal Home Mount**

**WARNING:**  
**INSTALLATION OF THIS MOUNT NEAR POWER LINES**  
**IS DANGEROUS. FOR YOUR SAFETY, FOLLOW THE**  
**INSTALLATION INSTRUCTIONS.**

**STEP 1.** Assemble DS-1000 mount as shown in Figure below. Make sure to attach the long arm of the pipe to the base.

**STEP 2.** Mount satellite antenna and DS-1000 to wall or other surface per your satellite installation manual. The DS-1000 is used between the satellite mount and the surface the mount attaches to.

**NOTE:** A variety of installation angles may be obtained by changing the base from the left to the right side.

**STEP 3.** Loosen mast clamps and rotate pipe so the top is plumb (straight up and down).

**STEP 4.** Tighten mast clamps and mount off-air antenna on it. **Make sure to ground both antenna/mounts per satellite and off-air antenna installation instructions.**
